

## **296 Lab Week 12 : Muon Decay (Relativity)**

Time dilation and space contraction. The decay of muons or mu-mesons.

Go to the MSLC desk and check out the video on the decay of mu-mesons (Code Phys1300). View this video in one of the TV rooms. Then write a brief summary of the content of the video and explain in your own words what you have learnt about time dilation and space contraction from this video.
